CLASSROOM CORNER

Merry Christmas!!

Then the angel said to them, "Do not be afraid, for behold, I bring you good tidings of great joy which will be to all people. For there is born to you this day in the city of David a Savior, who is Christ the Lord.

Luke 2:10-11

What an awesome blessing it is to be able to call Jesus Christ our very own Lord and Savior! I am so thankful that He sent His son so that we can have a personal relationship with Him. Jesus is truly the reason for the season, and we are all excited to celebrate His birth this Christmas.

Our students continue to be hard at work in both ELA and math. The 5th graders are working on a chapter involving decimal multiplication in math class, while in 7th-grade math, we are learning all about equations and inequalities, and the steps needed to solve them. Algebra 1 is currently studying the linear family, mastering the skill of finding the equation of a given line. "Dragonwings" is the title of the book that the 6th grade ELA class has been reading. It is a compelling story about a Chinese boy in the 1900s and his struggle to fit into a different culture. Our ELA 7/8 class has also just started a new unit where we are reading a play set in the Victorian age in England. It has been a blast reading about the different dialects spoken as well as the class system that was observed at that time. As our break nears us and our excitement for Christmas rises, it is difficult to stay focused, but we are all managing to do just that! My prayer is that we all remember the true meaning of Christmas and stay focused on the One who has given us the greatest gift of all. Merry Christmas!
