

ST. PETER'S KEYS

BE KIND!!!

February 14, 2022

CLASSROOM CORNER

“Love must be sincere. Hate what is evil; cling to what is good.”-Romans 12:9 NIV

The month of February should celebrate love, kindness and empathy to one another. Although Valentine’s Day celebrations are quickly approaching, it can be considered materialistic and routine. On contrary, these should make way to provide the opportunity to show our love and concern for others through acts of kindness and compassion. We can share God’s love with the world around us. Our Godly love comes directly from Jesus our Savior which is truly sincere; His love represents the fruit of the spirit that can only be administered by the Holy Spirit. Since we are humans, we are imperfect; our sinful flesh can be flawed, selfish, hypocritical, thus remains pretense to love. However, God’s love is sincere, unaffected and most importantly never ever fails us. In fact, His love bears all things, believes in all things, hopes in all things and endures all things. As Christians, we should cling to all that is good. Despise all unloving behaviors and ungodly attitudes basically all that is evil-with a pure, godly hatred. These inspire us to distribute God’s love to all regardless of judgment in order love with a godly heart by further demonstrating to cling onto what is good.

Fourth graders are learning about Black History month unit during their ELA block. We are so excited to take time to pause to recognize the achievements and contributions of African Americans have made in history! We are excited to learn and acknowledge the African American scholars, civil right leaders, athletes, pioneers of science, artists, activists and leaders to name a selected few. Also, we will be incorporating a project to correlate with our unit.

Our math circles are consisting of learning various division strategies in base 10. We are gaining familiarity with different division strategies to work towards division awareness. In addition, we are incorporating hands-on learning such as supplemental learning centers to practice their division strategies. Coherently, fourth graders will continue to review previous multiplication fluency facts. Finally, they will be concluding this unit with an upcoming chapter 4 test.

In Social studies, we are concluding our chapter 3 unit: Europeans explore New York State. We are excited to begin a new unit in chapter 4: Colonial life in New York. Within upcoming focus lessons, we will be doing timelines, historical maps, quizzes and other interactive activities to enhance the student’s learning.

Within our bible class, students are currently focusing on The Israelite’s journey to the promise land and other bible stories from the Old Testament. The following are coinciding with our assigned memory work, we will be memorizing the books of the Old Testament in chronological order.

May God continue to bless you and guide you in all you do.
Through His Strength,

Miss Garcia and the fabulous fourth graders
