CLASSROOM CORNER

Phew! It's Time to Take a Rest

There's a Greek saying that says "You will break the bow if you keep it always bent. In other words, take a rest! Relaxing is something that is very hard for me, I have a perpetual to do list rolling around in my head. The Lord always led by example and did so when He took a rest. He commands us to take a rest. So why is it so hard for us to just relax. Many of us are wound pretty tight, and it comes out in exhaustion, anger, and even sickness. This isn't just something that adults experience. Kids do too.

Our second graders have been working very hard this year. They have learned the cursive alphabet and are working on neatness and legibility. Most of them have passed drill sheets for their multiplication tables 0-10! They have learned about all of the 50 states. They have memorized many Bible verses and all the books of the Bible. We've studied communities, exploration and expansion of our country, what it means to be a good leader, U.S. symbols, maps, and what it is a consumer and a producer. We've tackled our writing skills with writing complete sentences and paragraphs while adding adjectives and adverbs. The students have contributed to their writing portfolio with informative, persuasive, and narrative pieces. They have grown so much in their reading and comprehension skills and have increased their fluency and vocabulary. The second grade has learned how to identify and count money, make change, tell time, regroup with adding and subtraction, measure distances and temperatures.

Oh I could go on and on, but I think you get my point that these precious piranhas have worked hard. I am so proud of them because I also see growth in self-control, respect for each other, ability to work together and being considerate. We have focused on the Lord with each step and how He wants us to grow.

So now it's time for them to take a rest. It's important for students to enjoy their summer days. Children need to run and play and make memories of wonderful summer days. They also need to learn to lay back with a good book. A friend of mine has gone through a whole series of books with her children. She lays down a blanket and some pillows in the yard and makes it special (if raining they relax in the house) and she reads aloud to them. I've watched her do this over the years, even when they were a bit older, they still loved sitting together and enjoying a good book. Enjoy your child, enjoy the summer, take a rest!

Genesis 2:2 "By the seventh day God had finished the work he had been doing; so on the seventh day he rested from all his work."
