

# ST. PETER'S KEYS

**BE KIND!!!**

**May 2, 2022**

## CLASSROOM CORNER

“Cast thy burden upon the Lord, and he shall sustain thee: He shall never suffer the righteous to be moved.” Psalm 55: 22 KJV

This verse provides us comfort in our time of need because not only do we cast our burdens onto God; we are instructed to give all of our concerns to Him. As a matter of fact, the bible clearly states that God is the creator of the universe! God is more powerful than anyone or anything. He also has a deep unconditional love for us. For instance, God is with always you even when you are enduring pain, or going through a difficult situation; he remains there at our side to lead us according to His will. God allows these instances; so we may learn to lean and depend on him. Through our dependence, we gain insight and perspective in having a close relationship with Him. Essentially, trust God with everything from relationships, pain, jobs, passions, ambitions, to disappointments, failures, wins and etc. within our lives. Thus strengthens our faith in our daily walk with God.

Within Bible studies, Fourth graders are working on bible verses for memory work. We are also working on upcoming lessons after Christ's resurrection in the New Testament. Throughout the year, we have been proactively using our prayer board to encourage students to lean, depend, and trust in God in everything we do. Fourth graders are striving towards building a Christian heart and love for others.

Preceding the NYS math test, we had finished our NYS math test prep to review for this exam. The fourth graders are currently learning about fractions in their new chapter. We are also excited to be diving into furthering our knowledge of fractions through various centers and activities within our upcoming units.

In ELA, we had learned an introduction of the Chilean culture to understand our novel study on “The Dreamer” by Pam Munoz Ryan. Fourth graders are excited to learn about a different culture! We are thrilled to learn about the various foods, sports, geography, climate, demographics and other various nuisances to familiarize with the background information as our pre-lesson. Fourth graders are still working on constructing their reading comprehension and other literacy skills. For our literature circles, fourth graders are collaborating in small groups to facilitate responses with our daily chapter analysis; which helps reinforce the reading comprehension skills.

Subsequently, we had recently finished our unit about Colonial life in New York State. Fourth grade will be learning about the Revolutionary war. As we approach into our new chapter, fourth graders will be learning about the war's causes as well as its importance of historical battles, leaders, alliances, rebellions and other elements of this war's history. We will be interchangeably using their textbook, hands-on activities and educational resources for a more in-depth learning.

Through His strength,  
Miss Garcia and the fabulous fourth graders
